A letter and the latest issue will be sent to the recipient explaining that it is a gift subscription from you.

Please make a donation

The Soil & Health Association of New Zealand is the world's oldest organisation dedicated to organic production.

Since 1941, we have led the debate on issues surrounding health, sustainable development, safe food, pesticides, GE and organic food production.

We rely on the generosity of members to continue working on your behalf to create an ORGANIC NZ.

Please make a donation.
